LETTERS pour into this study every day asking, "Is this Armageddon?" Armageddon is mentioned in the Christian bible as a great war to be fought in "the great day of God, and between the powers of good and evil." Many Christians have been looking for this day, but now that it is here, they don't recognize it. There are few Christians who take their bible literally, as there is so much in it that we know is not true, that they cannot. Now if the above definition is correct, and I got it from Webster, then this period in time is most certainly Armageddon; for if ever the forces of evil were aligned against the forces of good, this is the day. The Christian church has taken a blanket mortgage on everything good, and the Armageddon is supposed to be a battle in which Jesus Christ of the Christian religion comes down to earth again, and overthrows the powers of evil by a band of angels. That conception is far short of the truth, and is predicated upon Jesus Christ being God Almighty. Needless to say, Jesus Christ was not God Almighty. He will not come back to earth with a band of angels, for such feathered beings never existed except in the enlarged imaginations of religious "fervents" (to coin a word) of the Christian faith.

However, this may rightly be called Armageddon, for it is a battle between the forces of right and good, and the forces of evil. At this writing, the evil forces seem to be in command. Now the important thing is this: now that Armageddon has dawned, and now that evil is fighting in a life and death battle against good, what will overcome the evil? By what means can this holocaust of fiendish murder be stopped, and in what manner is Right going to conquer over wrong—for I am convinced that it is. I talked to a Holy Roller preacher last night, and he was quite sure that Jesus Christ with a band of "angels" would soon

descend on the clouds of heaven and take Mr. Hitler by the back of the neck and once and for all destroy him. I do not believe that. If Jesus Christ were to do that, he would have had to start millions of years before he was born, if he ever was; for if he came back at the speed at which light travels, and he couldn't travel much faster, he would have to have been on his way many millions of years ago.

Scientists have swept the heavens with their powerful glasses, and they have not yet seen hide or hair of Jesus Christ on his return trip, although they can see Uranus.

So then, let us discount what any bible teaches about Armageddon, and let's see if we cannot sensibly see wherein the answer lies. By getting away from religious tradition and myth and superstition, and by dealing directly with the Spirit of God, we may be able to find the answer, and bring in the "Great Day of God" ourselves. Shall we see? In the first place, this ghastly thing in Europe is simply the result of a dissatisfied people who voted in a dictator, and now that they have him they can't get rid of him. Let's hope we here in free America never get so dissatisfied that we allow a dictator to creep in, and there is some danger of that.

These dissatisfied people were dissatisfied because they knew that God existed somewhere (everyone knows that), yet they did not know just where. They listened to this priest and that preacher, and then made up their minds that nothing in the philosophy they heard satisfied them. So, being taught that the church knew all about God, and was actually the "agent" of God on the earth, and not knowing of the True God, they decided there was nothing to this God proposition at all; and there wasn't if the doctrines and dogmas of any church are supposed to be God.

In their disappointment, a dictator came along, and this fellow happened to be a man who absolutely denied the existence of God (Good) and believed only in the power of brute force. It makes no difference to Mr. Hitler how many of his own people he ruthlessly slaughters, for he has no conscience. He has no finer sensibilities whatsoever. All he knows is brute force; and in addition to that, he believes that he can and will conquer the world by that brute force. *Here then, is the man who is opposing God.* God

### ATTENTION, NEWSPAPERS

Commencing with this issue of "Psychiana" Weekly, every newspaper in the United States in cities over 10,000 will receive the magazine free. Eleven years ago the Editor of this magazine, and the Founder of "Psychiana," stepped out of a little corner drugstore here in Moscow, Idaho, to bring to the world a new and true conception of God. Inside of one year that conception had gone into 67 different countries, and today, in the United States alone, there are over 12,000 cities, towns and villages where there may be found, in each, from 1 to 15,000 Students of "Psychiana." It soon became evident that God was speaking to men and women everywhere through this new Teaching, and lives began to change by the scores of thousands as a result of the New Power of God which is being brought to the world for the first time through "Psychiana."

Every newspaper is given the authority to reprint whatever appears in the Weekly, giving us proper credit. We suggest that the newspapers help us bring knowledge of the True Spirit of God to the world, for when this new and true conception of God is fully known, there will be universal peace, joy, and happiness. Such monsters as Hitler cannot exist where the Power of God is known. I ask the cooperation of every American newspaper and magazine in the spreading of these staggering truths which have been brought to the earth to liberate it. This should have been done long ago, and would have been done had the truths of God been brought to the attention of the American people. If further particulars of this Movement are desired for publication, we shall be happy to supply them.

# God Bless America - - -

While the storm clouds gather  
Far across the sea,  
Let us swear allegiance  
To a land that's free;  
Let us all be grateful  
For a land so fair,  
As we raise our voices  
In a solemn prayer:

God bless America,  
Land that I love,  
Stand beside her and guide her  
Through the night with a light from  
above;  
From the mountains, to the prairies,  
To the oceans white with foam,  
God bless America,  
My home sweet home.

by Irving Berlin

This is a good song for every American to sing every day, for the Spirit of God, or the Great Spirit that is God, *will* bless and protect America just as long as America trusts in God, and gives to every man the right to worship God according to the dictates of his own conscience. The recent unanimous decision of the U. S. Supreme Court that no legislation could be passed which even questioned the right of anyone to engage in religious work, whether that work was in line with the Catholic doctrines or not, or with any other doctrines, is proof that no one will be allowed to challenge or question any religious organization, nor will any individual or state be allowed to adopt legislation which gives them the right to decide what is a religious organization and what is not. No man, and no state, should be given the right to designate one "faith" true, another false. Just as long as the Supreme Court keeps that stand, America will be free, for it will be through religion or God that the true Light which will envelop the earth will be lighted. That Light will be lighted here in America. It has already been lighted. If some of the larger religious systems had their way, *that true Light of God might be put out*; but they shall not have their way.

It is not many weeks since we here in America were told by the leader of

a church organization in Italy that he and he alone is authorized to act and teach for God. That statement is not true. The Founder of "Psychiana," or you, are just as much authorized to act and teach for God as is the Pope of Rome. We have only his word for his claim. Your word, or my word, is just as good as his—perhaps better. It is not a case of who is and who is not "the only one authorized to teach and act for God"—anyone can make that claim; but it is a case of who has truths of God which can and will liberate this war-cursed earth. The one who has those truths will write his name on history's scroll in letters of gold, make no mistake about that. I would be ashamed to make the statement that I was the only one authorized to teach and act for God, and at the same time be powerless to do anything about this world madness thrust upon peace-loving nations by a maniac.

I have no fears for this earth. Blood is being spilled, yes. More will be spilled; but defeat, swift and sure, follows hard on the heels of the man responsible for such a holocaust as we are now witnessing. It isn't in the cards for such a brutal, inhuman slaughter to win. If it did, there could be no higher Power. There is a Higher Power, and how well we of "Psychiana" know it! For nearly twelve years now we have seen this Power at work; and as every week goes by, more and more people are throwing the weight of their spiritual Power against Hitler. He cannot possibly last too long.

I am all alone in my home tonight. The family left this morning for Klamath Falls. They are going to decorate the grave of the wife's parents in Klamath Falls on Decoration day. Do you know what I have been doing for the past two hours? I have been down on my face before God—not pleading, not praying, not begging or trying to cajole God—but *renewing my strength through the Spirit of God so that I may work as fast and effectively as possible in this world calamity*. I am only one. I stand alone. I battle alone, and against great re-

ligious (?) forces which cannot stand to see the Spirit of God coming to this earth because the Spirit of God is not of their making. They want to make their own God. They do not want God as he really exists. They want God to conform to *their* ideas of what God should be. They want to hang Him on a cross, etc. Well, God was in existence long before any church organization, and God will be in existence after they are all gone; for God is Spirit, and no man has ever seen God. Therefore, God Almighty was not crucified on a cross as these church organizations would have us believe.

I want to say to every reader of this magazine that the Power of the Spirit of God in this Movement was never stronger than it is tonight. Your very humble leader was never more confident of his ability to bring to the whole world the truths of God than he is as he sits at this little typewriter here in his bedroom. I want every one of you to make your "Hitler" statement four times daily, and let the evening hour be of about fifteen minutes' duration—longer if you can. Turn out the lights; stand still or sit still; close the eyes, and there, all alone with God, *let the consciousness of the Spirit of God make its presence and Power known to you*. The quieter you keep, the more of the invisible Spirit of God will you absorb. Then, knowing the Power of God in you, go out and in that Power tell others. Everything you do shall prosper if you do it in the consciousness of that Great Spirit of God.

Above all, stand by America. This fair land, the fairest of all lands, believes in God. Germany does not. Germany will go down. True, this country has allowed a certain church organization to hoodwink it a bit too much, but the Supreme Court is still unanimous in its decision that not even the church which professes to be "the only one authorized to teach and act for God," shall not interfere with others' religious freedom. Thank God for this United States Supreme Court in this decision. It was the Roman Catholic church which attempted to regulate religion in Connecticut and everywhere else.

## Questions and Answers

Ques.: I have done everything you have told me to and God continues to keep away from me. Why is it that everyone else can find God except me?

Ans.: I have not ever told you you must DO something to find God. The church tells you that. First, you must repent of your sins, and then you must believe that Jesus Christ, a mythical character whose existence never can be proven, was Almighty God. But I have never told you that you must DO anything at all, except to recognize the Spirit of God—IN YOU. Now then, if you cannot find God, it is because you are not looking where God is—IN YOU. You are looking to me, and probably to everyone else, and in so doing, you are missing the point. The Great Spirit—God—LIVES IN YOU AND IF YOU DO NOT FIND GOD IN YOU, YOU WILL NEVER FIND HIM ANYWHERE ELSE. Realize that the Power which gives you the ability to write, to eat, to walk, to live, is the actual Power of God—IN ACTION—IN YOU. If you keep quiet and follow your Lessons, and forget all about "the cross," you can find God. That's much better than "the cross," for there have been too many crosses—they have hidden the Spirit of God from the world. I wish to God that story had never been told—the whole world would know God if that were the case. As it is, there will have to be some wholesale revamping of religion if the churches ever are able to bring God to the world, for they have never been able to do that yet.

Ques.: I get so happy that I cannot help myself and feel like shouting and jumping when I realize the Power of God in me. What shall I do?

Ans.: Shout and jump.

Ques.: Is this battle in Europe the Armageddon of the Bible?

Ans.: Unquestionably it is the final battle between the powers of darkness and the Powers of God. However, there will be no angels descending on the clouds of heaven, nor will Jesus Christ come back to earth again. What there will be is a wholesale recognizing of the superior Power of God in human lives, and the uselessness and wrong of fighting. There are but two forces in this world—the Power of God, which is the Power of good, and its very opposite. Naturally, the God-Power must win, but it must first be recognized for what it is. There is absolutely no use talking about Jesus or about any other "crucified god." These stories never yet saved anything or anyone, nor have they been able to keep life in the organizations that teach such tommyrot. God—ard only the LIVING SPIRIT, GOD—ACTUALLY EXISTING ON THE EARTH IN THE HEARTS OF MEN, CAN BRING TRIUMPH OVER THE MANIFESTING POWERS OF EVIL ON THE EARTH TODAY. The Power which is God will win—but a lot of blood will be spilled first. We of "Psychiana" are doing everything in our power to bring this Power of God to as many people as we can in the fastest possible time. You do your bit too, sister.

Ques.: Why, if all illness and disease can be cast out by the Spirit of God in me, cannot I live forever?

Ans.: You can—and you will if you know the fullness of the Spirit of God. God is LIFE, and LIFE is not death in any sense of the word. That staggering fact will shortly be made known to the whole world.

## New Publicity

Our readers will note that starting immediately, this Weekly is being sent to every newspaper editor in the United States in cities of 10,000 and over. This means that thousands of American editors, the best men in the world, by the way, will receive regularly full information about this Movement through which God is speaking to humanity. I trust that every one of these editors reads carefully of this great outpouring of the Spirit of God, and takes notice of the tremendous import of this Movement. I think it would help America considerably if these papers would run a weekly "Psychiana" column. They could do an immense amount of good by bringing to men and women, for perhaps the first time in their lives, the actual truths of God. If the newspaper where you live does not get the Weekly, even though the city be less than 10,000, we shall be glad to add that newspaper to our list. This will bring more publicity to the "Psychiana" Movement than anything we have done heretofore. As the days become more serious, and as the need for the manifestation of the Spirit of God becomes more necessary, you will find the Founder of "Psychiana" right there. Whenever the time is ripe, he will step into the picture more fully. In the meantime, if you care to help us finance this Great Movement of the Spirit of God on the earth, you may do so. We rely on you. Great is this work, and great is the responsibility of you all.

We weave the vivid colors of modern religion into every particle of the fabric of living. We smash out the artificial walls of division or let them dissolve of their own inherent weakness. We take religion with us into forge and factory, into field and office, on land, sea and air wherever we may be. We spend the hours for God as well as ourselves, for man is a spiritual being and will not prosper under any other arrangement.

## Bridges

It looks as if Congress really is going to get rid of Mr. Bridges. It should have done that a long time ago. Seems to me this administration has been too kind to these foreign agitators, for they have had consideration they never should have had. This war has shown true Americans how foolish it is to ever flirt with those who, while taking our bread and money in one hand, would use the other hand to strangle this fair land. Even to compromise with communists and labor agitators is dynamite, and we are beginning to find that out. When collective bargaining was instituted, the foundations of our American democracy were, for the first time, seriously threatened. I would like to see the N. L. R. B. put out of existence. I would like to see every communist and foreign agitator deported. Yet, in the case of Mr. Bridges, tens of thousands of dollars were spent, and the head of the law department of a big university was employed to "investigate" to see whether or not Bridges was a communist. It shouldn't take much investigation to find that out. His own actions tell that story. I suggest that they now investigate the law man who ruled, after a full hearing, that Bridges was not a communist. If Bridges is not a communist, then I'm a Chinaman.

"Psychiana" is a Movement of the Spirit of God on the earth, and the aim of this Magazine is to assist "Psychiana" in making the Spirit of God a vital living Power in the lives of our fellow-men. The Movement is non-denominational. Its Members comprise adherents to every faith in the world. It wants to help them all. We have no "articles of faith" nor do we have creeds or rituals. We know man exists, and we know the Spirit of God exists. We know man can know the Power of the Spirit of God while on this earth, and through this Movement God is being made a Living Reality to men and women of every race and creed all over the world.

Whenever it is necessary, this Magazine speaks very plainly. Many traditions of "orthodoxy" are shown for what they really are. Whenever we find ancient myth and superstition masquerading as being of the Spirit of God, we bring the facts to the world, kindly but forcefully. We believe the Power of the Spirit of God is abundantly able to step into this desperate and discouraging world picture, and bring a permanent peace. To this end we are striving, and as the Spirit of God reveals Itself to us, we reveal It to others without fear.

Members of every church are cordially invited to come and find and use the Power of the Spirit of God with us. An infinite love for all is the motivating Power of this entire Movement. Through this Movement the Spirit of God is making Its presence known on earth.

The Editor.

## Armageddon

(Continued from page 1)

is good. God is the right. God is everything fine and noble and just and good. Mr. Hitler opposes such things, and can, therefore, be branded as the one man on the face of the earth in whom all the powers of darkness and evil have been drawn together.

Now what about the Power of good, or the Power of God—which Power will come to its knees? Where is that Power to be found? Do the churches have it? Perhaps so, although if they do, I haven't ever been able to find it. So then, the Power must lie somewhere else, for it certainly must exist. The horror in the world at the actions of Madman Hitler is proof that the Spirit of God exists. Otherwise, no one would be shocked at the brutal happenings in Europe. As far as the combined church is concerned, let me say here that it is the one organization on the face of the earth which stands for the right as it sees the right. Its vision is dimmed by old pagan traditions and myths, but, with

all its faults, it is the one organization through which we should expect the Power of God to operate against this man who has drawn together in him the hate, the rottenness, the evil of the world.

Does the church have such a Power, and can it manifest it if it does have it? Does it have anything in its whole category of "beliefs" and rituals which can stand against the might of Hitler? I think not. I do not see in it any Spiritual Power of any sort. It is something like a lost soul, or a chicken taking its few last death-steps after having its head cut off. It does not know what the Spirit of God is, and certainly if it did, there would not be over 500 different sects, etc., all masquerading as "agents of God." So, good as the church may be, we must rule it out as the "savior" of the world from Hitler. It cannot do that. It could, but it will not. We have seen that it is an utter impossibility for Jesus to come back—there have been too many other "crucified gods" who are supposed to come back. If they all decided to come at the same time, there might be a fight among them as to which was the true "god," and worse confusion might reign than now reigns. No, with all due respect to the church, and much as I love it, I must talk plainly to it. I have been doing that for eleven years, and all I have received at the hands of the church was persecution, and attempted crucifixion.

If I did not love the right, do you think I would be in this Movement? Do you think I would be wearing myself out for God if I did not have a message to bring to both the church and humanity? Money or fame or notoriety mean nothing to me. All I am trying to do is to change the foolish superstitions of the Christian church into the actual truths of God. This "Psychiana" Movement is an absolute Movement of the Spirit of God on the earth. The church magazines have scoffed at that statement, but Armageddon is here. We shall see if I am a "spiritual fraud" as the editor of the Lutheran Companion stated last week—or whether I am a messenger of God, coming directly to the church with the only message which can save it. Time will tell that story.

And it won't take long to tell it, either.

If the Christian church, or any other church, does not know the Power of the Spirit of God, and if it does not get from somewhere more Power than it has now, the Christian church is *not* the organization to fight against evil at the battle of Armageddon. That is self evident. The church may change. It may really get afraid of world conditions. I am writing this to you on April 28th, 1940. I predict that before it reaches you, the most ghastly war this world has ever known will break into full force. I predict that this Hitler monster will carry everything before him. He will take what he wants, and neither England nor France nor Belgium will stop him. Belgium will give up. France may follow; but Hitler will walk through France, and blood will flow like water, human beings being blasted into eternity by the hundreds of thousands. England will be invaded by air, and the French and Belgian ports will be taken. Hitler will land a force in England. Now, remember, I am writing this in April. Let us see if I know what I am talking about.

Now where does the Power of God lie? You will agree with me that only the Power of God (Right) can ever stop wrong. Where is that Power? Does the church have it? I think not. It could have it if it cared to. It could stop this ghastly horror in 30 days if it would—but it will not. It thinks more of an unprovable theory of God being crucified on a cross 2,000 years ago than it does of stopping this war.

## You Are Mistaken

The following letter came in from Mrs. Chappell of San Jose, Calif.

*"I have just read your ad in the Chronicle, 'I Talked with God.' I truly believe in God but I don't think that just anyone can talk with Him. I would like to hear your story."*

Right there you have the reason for the failure of all sorts and kinds of present-day religion. If you find God at all, you must find God their particular way. You cannot talk with God, you cannot know God, unless you believe what that particular system of theology teaches about God. More than that, these old religions themselves teach that "there is none other name given under heaven whereby man can be saved than by the name of \_\_\_\_\_." Each has a different "crucified god." With the Christian church, you cannot know God unless you know God through believing in Jesus Christ. That is the club they attempt to hold over your head, and they all do it.

I'm sorry, Mrs. Chappell, but it is necessary that I tell you that you are completely off the track as far as God is concerned. You say you believe in God, but you deny that all can talk with God. Well, if all cannot talk with God, of what use is God to the world? You wouldn't want to have me believe that I cannot talk with God unless I believe what you believe, would you? I know God, and hundreds of thousands of my followers know and talk with God, and we deny practically everything your church teaches. How do you explain that? I suppose you will say that we are all wrong, and that your system of "salvation" is the only correct one. It is that damnable philosophy which has brought this civilization to the door of annihilation, where it stands today.

God is so close to each one of us that every living soul can talk with God; for God, whether you believe it or not, lives in every living soul. It is the Spirit of God which gives life to us all. The life which is really us, the motivating Power in us—is the Spirit of God. Then how say you

that only a few can talk with God? That is the old church idea. "You find God my way or you don't find Him at all." That's paganism, Mrs. Chappell. When my literature comes to you, you probably will change your mind, and if you decide to study with us, in all probability you will find the ever-present Spirit of God right in you, with all Its Power. You have a lot of discarding to do first, though, but we will help you, and I believe you will be led into the amazing truth before you are through studying with "Psychiana."

If the heathen and pagan story of God being born in a miraculous manner through some woman is true, then every law of God governing childbirth was broken, and this universe hangs on chance and not on Law. If these laws were broken once by God, they may be broken again; however, God operates as LAW and not by chance.

If the consciousness of God in the life is the foundation upon which the life is built, a dozen of good men could bring the whole world to God; but you cannot find that dozen. Most of them want to believe in man-made theories of God instead of in the Spirit of God, living in each one of us.

## Armageddon

(Continued from page 4)

by taking its proper place in world history. *Now listen, church*—and it's quite immaterial to me whether you take this advice or not; I hope you do; if you don't, then I shall bring into the picture a Movement of sufficient size to do what you should be doing—*here is my advice to all churches: throw away any story upon which you all cannot agree, and cannot prove. Stand on the one thing you can prove, and agree on. That one thing is the existence of God (Good) in the breasts of men and women.* Then, having all gotten together on the one fact of the present existence of the Spirit of God, it will not take you long to throw that Power against world conditions. You will note here that this is the stand of "Psychiana." We have no creeds or rituals. We care nothing for either Jesus Christ or the virgin Mary. *We know, and we teach, the present existence of the Spirit of God, and that is all we need to know.* You good folks can fight about which is the true church if you want to. I haven't the time; I'm too busy bringing the Power of God to men's knowledge.

After you have all united (which

you won't) on the one fact of the existence of the Spirit of God on this earth here and now, then you get together, and *through the Power of the Spirit of God in you all, you can throw that power against this leader of Armageddon, and if you will do that, just watch God work through you.* I wonder if the churches will take the hint. I think not. I think their idols are too precious to them. If things get worse and worse—which they most assuredly will—the church, in desperation, may change. It may come to the one it mocked and tried to railroad out of the country. If it comes, what then? I will give the last drop of my blood to lead it into the marvelous Light of the Spirit of God, and I know that Light. I will work with it, and I will show it how Hitler may be stopped, and peace, eternal peace, reign supreme on the earth, not through the return of Jesus or any of the rest of the "crucified gods," *but through the ever-living Power of God (Right) on the earth here and now, just waiting for men and women inside the church and outside the church to recognize it.* (A word to Students here: use the affirmation I gave you. Gather groups together in your homes. Four times daily throw the Power of the Spirit of God against Hitler. He will fall. He is as good as gone now, for God shall never be successfully opposed in Armageddon by the powers of wrong, *provided God can find a handful of people through whom the Spirit of God can work.*)

## With Our... Students

From Scranton, Pa., Student No. 17-132, comes this one:

"Dear Associates:

"I hand you seven dollars \$7.00 covering dues for the month, \$2.00—and for 'Psychiana' Weekly—one year's subscription—\$5.00.

"I am just a bit ashamed to admit that there was a moment of hesitation as to my subscription to the 'Weekly,' as we have been put to a heavy expense in remodeling our building. A slight fear crept in my mind and, for a moment, feeling that possibly Mrs. Brundage and myself could not, at this time, afford taking this on. I am going to confess this weakness, and how it was immediately overcome.

"During the fall of 1931 the writer lost practically his last cent over the suicide of a trusted friend and banker of Logansport, Indiana. Out of a small fortune of around \$50,000 I had just \$1.75 in my pocket when the bank closed—and a \$10 check that had to be made good. The following year I read an advertisement of Doctor Robinson and became interested in this work. I was then in my fifty-third year, and Mrs. Brundage and myself managed to scrape up the few dollars for a series of Lessons. It was not long before a change occurred, with the result that we have gone a long way toward replacing all that was lost. My health is better than for years, and one of these days we will own a five-apartment building—mortgage-free. There is one, and one only, source of help behind all this, and you well know what that is. Had we not found this help, heaven alone knows where we would be today. In view of what I have just written, you can well reason how long it took for me to decide relative to my subscription.

"May the Spirit of God and His restful peace be with you, always."

Now from Peter Parker of Newberry Mich., comes a letter stating how interesting and helpful the WEEKLY is, and how much he enjoys it. Well, Peter, I am glad you do, and be sure and pass it around to others, when you get through reading it, unless you want to save it.

From Bangor, Pa., Student 6-1668, comes a wonderful letter from Mr. White, who encloses a six-months' subscription to the WEEKLY, and tells us how he likes it.

Williamsport, Pa., Mrs. Crider, comes a very wonderful letter in which she states that the people are challenging the church, and asking why it cannot do something to stop this war. The answer to that is just simply this: the church has gotten itself hold of the wrong God.

Of course it is impossible for a dead, crucified god to do anything to stop this war. It will take the Power of the Living Spirit to do that.

From Appleton, Wis., comes a letter from Student Eick. This friend sends in a subscription for six months to the WEEKLY, and states that he likes it very much.

From St. Louis we have a nice letter from Student 17-768, Mr. Hart, in which he states, "I am very pleased with the WEEKLY, and hope for big success."

From Mrs. Watz of Ellis, Kansas, comes a

wonderful letter ordering the WEEKLY for her friends. She says, "I can't describe how much good I get out of the WEEKLY. I sure do think it is a grand Paper." Thank you very much, my friend, for that fine letter, and the WEEKLIES have already gone to you.

From Rainier, Oregon, comes a letter in which this lady encloses some circulars which are being put out by different religious organizations against "Psychiana." I appreciate very much receiving these circulars, and can state in return that they do not worry me in the slightest. One of them is called "The Cult Called 'Psychiana' Exposed by the Sunday School Times." I have known of all these circulars for quite some time, and I think I am being very successful in my work, when I can cause these large religious organizations to go to the trouble and expense of circulating 100,000 of these circulars, and pamphlets telling what a bad boy I am. What they really are doing is advertising "PSYCHIANA," and since I believe in advertising I am very glad to see these circulars.

From Student Corprew, Number 36-183, Brooklyn, N. Y., comes this significant letter. You will note that this Member had received only her second Lesson. Many Students find the Power of God through our Big Lecture and without ever receiving the actual Lessons. It's wonderful, surely.

"Have received my second Lesson. Am studying it faithfully. I can't begin to tell you all of the things these two Lessons have done for me, but I must mention here that I have a job now, and I am expecting to move to a better neighborhood. Last, but not least, I feel as if a burden had been lifted off my shoulders. I do not worry over my problems any more. My husband stays home more than he did and is much more considerate to all of us."

A religion which can do these things here and now, and not "in the sky," is a real religion. May God help the churches to find this new Power of God and teach it instead of what they now are teaching. Their present dogmas are driving the whole organization out of existence. Men and women don't want what these churches have. They want God. If they can't find God in the church, they will come to "Psychiana" and they will find God there.

Now we hear from Allentown, Pa., from Student Hester, No. 31-249. This Student has received only one Lesson, but read what is said. At once, the Power of the Spirit of God is thrown into action when the Student sees who and what God is, and where God is. It's amazing. The more I see of this Movement the more I thank God for having called me to this ministry.

"I have received my first Lesson in 'Psychiana.' Thanks to you, I have found the true way. Everything is beginning to look better and brighter every day. So far, my earnings have increased 100 per cent. What could be better proof? Your Teachings have started me on the road to success. It seems that everything I undertake turns out to be successful." Thank you, sir—with God in the life, yours is the world, and everything that's in it.

(Continued next week)

Some years ago in a revival meeting in Portland, Oregon, some 35 people prayed over me till 2 in the morning. I wanted to find God His way; they wanted me to find God their way. The mission insisted on ritual. Its membership now is only a couple of hundred people. My followers may be counted by the hundreds of thousands. God's way evidently was the best.

## Don't Question God

Whatever purpose the Almighty has in allowing such murderous individuals as Hitler to exist, is God's own business. Don't you question the workings of God unless you are close enough to God to understand them. What may seem needless and painful to you, might be the only way God can work to bring in the universal peace which must surely come when this tornado of Hitler-made horror is ended. Your only play is to be sure that you recognize the Power of the Spirit of God in your daily life and affairs. If you do that, leave the rest to God. His purposes shall ripen fast, unfolding every hour; the bud may have a bitter taste, but you have no right to be tasting buds—wait until the flower is ripened.

## Poor Man

Those to whom glory is to be obtained through the ruthless slaughter of others, are laying up a false sense of glory. Even if it were possible for one man to conquer and rule the world, of what avail would that be? That man cannot even touch the soul of man, for the soul of man is the Spirit of God in man. When man becomes wise enough to allow that "soul" or Spirit of God to develop, as it should, mankind will be free. If each of us allows the "soul" to be free by recognizing that it is God, the life we live will be a FREE life—FREE in the freedom of God.

Handshaking is not so good unless you shake hands with God. Better still, grasp the hand of God and forget that you have a hand at all. Let the hand of the Spirit of God be in your hand.

## Greatness

You may not be considered great. You may think you have not the requisites for greatness in you; but what is greatness, anyway? To be great is to be able to help the greatest number of people. The truly great man is the man who brings the consciousness of God, the Maker of us all, to the most people. There is a thought, though, I should like to bring out, and that is that you, whoever you may be, have in you, hidden perhaps, but in you just the same, every requisite for greatness. You can, even now, write your name indelibly on the sands of time, if you will serve the multitudes by bringing to them the God-consciousness. The same impulses are in all of us. In some of us, perhaps as a result of suffering, we have lost all desire for anything for ourselves. All we want is to lighten the load of others by making God more real to them. Such souls as that invariably succeed in their object because it is not a selfish object. In the final analysis, the sum total of everything is tied up in man finding God. When that happens, all will be one—man and God. Man will then live in the perfection which is God, and God will live in the perfection that is man. They both shall be swallowed up in each other.

The trail to that goal has been a long one. It has entailed many struggles. It has cost many a life, and will cost many more lives. For the world today is manifesting the natural madness which comes from seeking God and not being able to find him. That is the condition of the world today. Full of pseudo-religions—but no God. What else could have happened than universal war? There could have been no other answer. Man is progressing faster than he ever did towards the goal of the presence of God, and the consciousness of God was, and still is, hidden from the masses. Church organizations have stepped into the theological picture, and, relying on or stealing some old ancient tradition, they have dressed it up anew, given it a new name, and tried to palm it off onto the world as being of the True Life-Spirit. Naturally the world has rejected such af-

fronts. It will always reject them.

Millions of years ago the Spirit of God was slowly molding this universe into the beautiful thing it will eventually be. Millions of years ago, the Spirit of God began the picture which will soon be painted completely. Throughout the countless ages, the Spirit which is God has been molding and fashioning the Life-Principle, and now we begin to faintly see what the completed picture will be like. Yes, through millions of years, probably through eternity; yet there are those on the earth today who would have us believe that 400 years ago God Almighty directed the writing of a bible and the insertion of four anonymous manuscripts in it, because animals have four legs, etc. This fiction they offer in the name of God. When such fantastic fables of Almighty God are allowed to pass away into oblivion, then will the *True Spirit of God* be known by all. If you really want to know the fullness of the Spirit which is God, keep away from pseudo-religions, and go where God abides—that is, *in you*.

One who understands the omnipresence of God knows that certain Realities are the Truth everywhere, always. This can be expressed in this way: since God is everywhere, what God is, is everywhere. God is here, therefore what God is, is here. God is ever-present love, harmonious always—this means health here, now. *Health is mine*. When one enters into this consciousness, his body responds quickly. Millions can testify to such an experience.

## God Bless America

(Continued from page 2)

I love all churches. I love every member of all churches. They are the best people on the earth. They stand for the very highest things on the earth. The blame is to be placed, not on the followers of these different systems of religion, *but upon the leaders who have come to them with an utterly false story of God*. That false story is on its way out. After it has gone, these same good church members will rapidly leave the untrue conception of God and will embrace

the new. Just as soon as the falsity of the story of God Almighty crucified on a cross is discarded, these good brethren will then know that God has ever existed here and now, not only on the earth, *but in them, and with all the Power the Realm of God is capable of having*. Now, they believe that the best job God could do was to make a man "born in sin and shapen in iniquity." Soon they will discover that when God made man, He made him *just like God, and with all the Power of God in him*. Had it not been for false church teachings honestly taught, the whole world would know God now and there would be no war in Europe.

It has been a hard fight, and the fight is not over yet; but my victory is in sight—not through anything I have been able to do, but through the Power of the Spirit of God, now manifesting on this earth in the lives of those who have been wise enough to get rid of the "crucified god" theory of God Almighty. God is Spirit. Never was anything else. God is available to *you*, and God is *in you*, so why not realize that staggering fact? It is through recognition of that fact that the whole world will be brought to know God, and wars, and sorrows, and sighings, and tears shall all be done away with, for at long last the knowledge of the Spirit of God shall cover the earth as the waters cover the sea.

In the meantime, stand by America. Love it. Fight for it if necessary. The Lutherans say they will not fight for America. Our organization does not say that. We will. I'd like to have a chance at Madman Hitler tonight, either with bare fists or a flame-thrower. Believe me, there's one man I could kill and smile while I was doing it. I and my followers will get him through the Spirit of God, not through material weapons. Again I say, remember the verse with which I start and close this article:

"God bless America, land that I love,  
Stand beside her and guide her,  
Through the night with a Light from  
above;  
From the mountains to the prairies,  
To the oceans white with foam,  
God bless America, my home sweet  
home."

## Let's Intensify

Let us intensify the spiritual drive against Hitler and Stalin. What should be happening in Europe is that Hitler should be fighting on the side of the Finns and the Allies against Bolshevism. That is not what is happening. As long as Hitler is planning his murderous attacks on anyone, it will be necessary for us to intensify our spiritual drive against him. If we cared to, and if I could get the right sort of Students behind me, it would be possible to bring the career of Hitler to a very abrupt close, through the Power of the Spirit of God, for the Power in that Realm is far and above any mortal power of

any sort. Let us intensify our thoughts when we are directing the Power of God against Hitler and Stalin. It can be done. This frightful thing can be stopped. It will be stopped at the proper moment, but I feel like saying to you all that a bit more intenseness against Hitler and Stalin will help.

By this I mean that I want you to make your moments with God of a bit longer duration. The affirmation—"The Spirit of God will bring your downfall," can now be changed to this one—"You are falling—you are falling—you are falling." As you say this affirmation, visualize the picture of Hitler and Stalin. Keep this up. Be intense, and throw the spiritual Power of the Realm of God behind the

affirmation. It will accomplish what it is intended to accomplish.

"If the church can only sense its position I can see a great day ahead for the churches of America. I trust the Christian churches in America will learn from the experience of the churches in Spain, Germany and Russia, that, if we do not put aside our controversies over non-essentials and begin to practice the essentials on which we are all agreed, it can happen here."

One never has to "submit" to God or to "serve" God. All one has to do is to recognize the Power of the Spirit of God in him or her, then take one look at the world. The path of duty will be very plain then. One won't have time to either "submit" or "serve" God. He will give his life in an attempt to bring the Spirit of God to the world.
